Putting Family First

As a third-generation family business, Parker Oil Company values above all else the comfort and satisfaction of families like yours. That's why we offer a wide range of family-friendly residential energy services, from **24-hour emergency services** that ensure your family never has to spend a night in the cold, to monthly [Budget Plans](#) that help your family avoid a winter budget squeeze. Of course, our commitment to your family isn't limited to just one season. We're here for you all year-round, with [annual tune-ups](#), [air conditioning service](#), [underground tank closures and more](#). Plus, the Parker family of businesses also includes [Simmons Travel Centers](#) in Bracey and Emporia, so we can even lend a helping hand on your next family road trip!

At Parker Oil, we put family first, and we think that's exactly why so many families across Southside Virginia choose us for their home comfort service. Remember: no matter what your family needs, we're always just a phone call or click away.

It's Homebuying Season

If you're thinking of buying or selling a home, Parker Oil Company can help, with our **convenient move-in/move-out services**, including:

- Service Plan Transfers
- Automatic Delivery Contract Transfers
- Equipment Evaluations
- Tank Inspections
- Underground Tank Closures

Best of all, thanks to our expansive service area, you can move several towns over and still enjoy the full-service benefits of being a Parker Oil Company customer. **Just call 434-447-3146 and let us know your plans.** We'll do everything we can to help make the move easier for you and your family.

Tax Credits STILL Available

The Residential Energy Efficiency Tax Credit has been extended to the end of 2016. That means **if you upgraded your heating, hot water or air conditioning system in 2015, you may be entitled to a federal tax credit of up to \$300, and the same applies if you upgrade this year.** Talk to Parker Oil about how you can take advantage of any of the following tax credits:

- ◆ Advanced main air circulating fan: \$50
- ◆ Natural gas, propane, or oil furnace or hot water boiler: \$150
- ◆ Central air conditioner: \$300
- ◆ Electric heat pump: \$300
- ◆ Electric heat pump water heater: \$300
- ◆ Natural gas, propane, or oil water heater: \$300

Ask Us About How You Can Reduce Your Water Heating Costs by Up to 40% and Save an Additional \$300 in Tax Credits with a Rinnai Tankless Water Heater! Call 434-447-3146 Today!

Continue the Comfort Conversation

Parker Oil emails this seasonal newsletter to our customers as a way of keeping you informed about what's going on with our company. However, our hope is that you'll keep the conversation going by calling us at 434-447-3146, [contacting us online at ParkerOil.com](#), and sharing your positive Parker experience with others via [Facebook](#) and [Yelp](#). We love hearing from our customers, and if there's any way we can serve you better, please feel free to call and let us know.

Parker
OIL & PROPANE

Thanks Again, Southside

Back in January, Winter Storm Jonas blanketed Farmville and the surrounding communities with over 9 inches of snow. As you know, that's a big blizzard by Southside standards, one that affected us all. With that said, **we'd like to thank all of our customers for turning to us when the weather got tough**, and for being so patient and understanding if and when it took us a little longer than usual to get to your home. Extra special thanks go out to all of those customers who shoveled walkways to their tanks and fill pipes so that our delivery drivers could do their jobs safely and efficiently. We truly appreciate it!
