an AFUE not less than 95

\$150 tax credit

Advanced main air-circulating fan used
in a natural gas, propane or oil furnace

\$50 tax credit

Parker Oil's Propane Truck Rodeo

Gathering for the Safety and Wellness Banquet, eleven of our lead riders, one driver from each bulk plant, kicked off the evening festivities by competing in Parker Oil's first ever propane bob-tail truck driver's rodeo! Each of the eleven drivers selected to participate wrangled up their trucks and were tested on their skills – completing challenges that ranged from narrow alley-way navigation to driving a serpentine course and parallel parking. Our three judges, Ed Low, Leland Turner and Brian Atwood, applauded Dee Hobbs, a propane truck driver from Parker's Suffolk bulk plant, on his ace-high performance and named Dee first place winner. Congrats Dee! Looks like you had a hog-killin' time.

with his first place award.

Rodeo Participants

Taking a break from the competition, we gathered our posse for a group photo. You all did a bang-up job!

2013 Safety and Wellness Banquet

On October 16th, Parker Oil held their annual Safety and Wellness Banquet. The evening, catered by Brian's Steak House of South Hill, honored Parker Oil's truck drivers for their continued dedication to safety. Our drivers dined while learning valuable safety information from guest speaker Dennis Cruze, propane instructor and Virginia Fire programmer, and C.W. Roberts, Safety Director for Parker Awards were presented to every employee recognized for five years of safe driving, along with special distinguishes to David Webb (Manager of Supply and Distribution) and James Price (oil delivery driver) for their outstanding 25 years of service. Thanks David and James, and thanks to all of our employees recognized, for the continued dedication to safety and the growth and success of Parker Oil – making us Southside Virginia's hometown energy source.

MANAGING YOUR ACCOUNT HAS NEVER BEEN EASIER!

Your home comfort
service should
be personalized
and hassle-free.

That's why we've created our **online account management system**. Our "My Account" online portal has all the convenient online features you want:

- Pay your Parker Oil bills
- View account history
- Schedule fuel deliveries
- Schedule service calls

Save time and go green with our **account management portal**. To access your account, **click here**. To learn more about our online features, visit our **website** or give us a call at (434) 447-3146.

Prefer Propane? We've got you covered!

Get the same trusted Parker Oil service you know for your heating oil – for propane! Parker Oil proudly delivers **quality propane** to your homes. Propane is a valuable heating fuel because of its many uses and dependable reputation.

Propane is...

Versatile: Each year, sixty million Americans rely on clean-burning propane for **home heating, swimming pools and hot tubs, gas grills, hot water heating, garage and extra space heating, fireplaces and generators** – just to name a few!

American: **Buying propane means buying American!** In fact, **most propane used in the United States is produced domestically**, with only about 15% imported from overseas.

Dependable: When the power goes out, propane systems keep going – making it a great fuel for powering emergency backup generators!

Safe: Propane has a remarkable safety record, making it a preferred fuel in homes.

Customer Friendly: When you get your propane from Parker Oil, you receive prompt personalized service to help you achieve comfort and savings.

When you choose propane, choose Parker Oil. For more information on our propane services, give us a call or [click here](#) to visit our website.
