Parker postings

Fall 2015

An electronic newsletter from your
friends at Parker Oil Company

ON YOUR TERMS

Though the name is Parker Oil Company, we deliver much more than just heating oil. We also offer **propane delivery** and **auxiliary heating appliances** like log heaters, fireplaces and wood stoves. In other words, we have everything you need to heat your home on your terms.

We provide propane and heating oil on a **will-call or automatic delivery** basis, giving you the option to monitor your tank yourself, or to have us take care of everything so that you never go without the fuel you need. Many automatic delivery customers choose to take advantage of Parker's **residential payment options**, including the Capped Price Program and the Budget Payment Plan, which can help make your fuel bills more manageable and predictable. Others prefer to simply make payments on a per-delivery basis at our current retail price. Either way, you have the choice of paying via check, Visa or MasterCard.

Parker Oil Company gives you complete control of your home comfort. Whether you want to be involved every step of the way or take a hands-off approach, you can trust our team, because we're here for you, your family and your home ... always on your terms.

Rinnai Means Results

Just like Parker Oil Company gives you the power to heat your home on your terms, Rinnai gives you the results you're looking for from your new water heater:

Energy and Money Savings: Rinnai tankless water heaters use up to 40% less energy than conventional water heaters. This significantly reduces your utility costs.

Endless Hot Water Supply: If you wanted to, you could run your shower, bathroom sink, laundry machine and dishwasher all at once, and not worry about losing hot water anywhere.

Sustainability: Rinnai tankless water heaters don't just exceed national energy efficiency standards; they're also built using recyclable parts, last longer than conventional water heaters, and produce lower CO2 emissions, making them more environmentally friendly.

Rinnai

To enjoy Rinnai's results and the hot water you deserve all winter, call 434-447-3146 today.

We're Thankful for Our Customers

Parker Oil would like to wish a **Happy Thanksgiving to all of our customers** and to thank you for trusting us to keep your home warm and cozy. Remember: **we offer emergency services 24/7/365, including holidays**, so if your heat goes out at anytime, day or night, just call 434-447-3146 and we'll be there to help. Also, if you're an automatic delivery customer who's planning to have guests staying over for an extended period, please notify us so we can adjust our delivery schedule to help ensure you enjoy your Thanksgiving without interruption.

What To Do If You Smell Propane

1. NO FLAMES OR SPARKS!

Immediately put out all smoking materials and other open flames. Do not operate lights, appliances or phones. Flames and sparks from these sources can trigger an explosion or a fire.

2. LEAVE THE AREA

IMMEDIATELY! Get everyone out of the building or area where you suspect gas is leaking.

3. SHUT OFF THE GAS. Turn off the main gas supply valve on your propane tank, if it is safe to do so. To close the valve, turn it to the right (clockwise).

4. REPORT THE LEAK. From a neighbor's home or other nearby building away from the suspected leak, call Parker Oil Company right away.

5. DO NOT RETURN TO THE BUILDING OR AREA until we determine that is safe to do so.

6. PARKER OIL COMPANY WILL PERFORM A SAFETY INSPECTION.

Once we've made sure that your entire system is leak-free, you'll be able to use your propane appliances again.

Stop at Simmons Travel Center

Taking a long drive to Grandma's this Thanksgiving? Then make sure you pop in at Simmons Travel Center. Located on 185 in Bracey and I95 in Emporia, Simmons Travel Centers offer everything you need for your road trip.

Exxon gasoline • Huddle House • General store and gift shop • ATM • And much more!
